

Public Access TV

We want to be on **YOUR** local Cable TV Station! And only you can help make this happen! This 2010 year is the year of increase, and you can help this Ministry get the much needed Gospel Truth out to others. Just recently we have gotten on several local Public Access TV stations, and we want to be on yours also.

Contact us here at Scriptures for America and let us know if you will be a Gideon Elite Soldier in 2010 and help witness to your community by getting **YOUR** Sunday Church Service broadcast on **YOUR** local Public Access TV. Our initial goal is 300 communities; we need 300 Gideon workers to do this.

Will you be one of them? CHARGE!

Public Access Cable TV

We want to be on
YOUR local Cable TV
Station! And only you can help

make this happen! This 2010 year is the year of increase, and you can help this Ministry get the much needed Gospel Truth out to others. Just recently we got on our local Public Access TV station, and we want to be on yours also.

Public Access TV is just what it says, public access to videos, provided by the community and shown to the community. Many public access programs center around politics and religion, and are passed around from group to group, state to state. Public Access Television derived from laws requiring cable companies to provide citizens with broadcast capabilities (and time) for the advancement of religious, education, government and other public entities. It is on a first-come, first-served, free-speech basis. That means it is available to us, and this is what we want you to do.

Contact your local public access TV station. (*Some examples are Denver Open Media, Public Access Network, People TV Atlanta, Boston Neighborhood Network, just to name a few-look for YOUR local Public Access Network!*) Look in the phone book under TV stations or Cable companies. If you can't find it, then contact your local cable provider. Tell them you want YOUR church service played on Public Access TV. Some networks have lots of time slots available, others

Public Access Cable TV

are pretty booked up and it may take a while to get your program played, but if you go through the submission process, they will play it. Be persistent! Sometimes they don't like to return phone calls. It took me about 15 phone calls to get a spot on one local network, but now I have a spot reserved every Sunday morning on our local Public Access TV broadcast for the previous weeks Church Service from the LaPorte Church of Christ.

They will usually ask for 3 preference times on when you would like it the program to be aired. They will want to know what the exact time of the production is, the title and a brief description of the program (we will provide this information). Other than that, your local station may have some requirements on how you label the DVD, or how you package it, or if you need to mail it to them or just drop it off. Just ask them for their "protocol for submission". They can usually email it, mail it, or direct you to a web site.

We will provide you with the MPEG-2 (data disk) DVD in a hard case, with the time stamped on the DVD, including the title and brief description, to make it as simple as possible for you to help with this Outreach in 2010.

Contact us here at Scriptures for America and let us know if you will be a Gideon Elite Soldier in 2010 and help witness to your community by getting YOUR Sunday Church Service broadcast on YOUR local Public Access TV. Be a light in this dark world and help spread the Gospel, "the Good News". **CHARGE!**
